

SEASPAN CORPORATION TO ACQUIRE SEASPAN MANAGEMENT SERVICES LIMITED IN STOCK-BASED TRANSACTION

Acquisition Increases Seaspan's Long-Term Control of Technical, Administrative and Strategic Expertise

HONG KONG, CHINA - Dec. 13, 2011 /CNW/ - Seaspan Corporation (NYSE:SSW) today announced that it has entered into a binding memorandum of understanding to acquire Seaspan Management Services Limited (the "Manager") in a stock-based transaction valued at \$54 million, excluding potential balance sheet adjustments and future fleet growth-based payments. Additionally, as part of this transaction, Seaspan will acquire and retire 100% of its outstanding Class C Common Stock held by the owners of the Manager. The transaction, which was approved by Seaspan Corporation's Conflicts Committee comprised of independent directors, is expected to close near the end of January 2012 and remains subject to negotiation of final documentation and customary closing conditions.

Since Seaspan's initial public offering in August 2005, the Manager has provided to Seaspan all of Seaspan's technical, administrative and strategic services, currently through the Manager's approximately 2,400 seagoing staff and approximately 185 shore staff. Seaspan's acquisition of the Manager will increase its control over access to the first-rate services the Manager provides on a long-term basis, and reduce certain conflicts between Seaspan and its directors who have interests in the Manager. The proposed acquisition will also avoid proposed increases in the fees Seaspan pays the Manager for technical services.

Consideration for this transaction, other than certain potential balance sheet based adjustments, will be paid in the form of Seaspan's Class A Common Shares ("Shares"), valued on a per share basis equal to the volume-weighted average trading price of the Shares for the 90 trading days immediately preceding the closing date of the acquisition. A fixed number of Shares valued on such basis and having an aggregate value of \$0.5 million will be issued to the owners of the Manager for each of certain containerhips ordered or acquired by Seaspan, Greater China Intermodal Investments

LLC or Blue Water Commerce, LLC prior to August 15, 2014 and which are to be managed by the Manager or us. Shares representing \$54 million of the purchase price will be subject to a four-year lock-up agreement between Seaspan and the owners of the Manager.

Seaspan filed today a Report on Form 6-K with the Securities and Exchange Commission, disclosing, among other items, additional details of Seaspan's proposed acquisition of the Manager.

About Seaspan

Seaspan is a leading independent charter owner of containerships, which it charters primarily pursuant to long-term fixed-rate time charters to major container liner companies.
