

SEASPAN DECLARES INCREASED QUARTERLY DIVIDEND

HONG KONG, CHINA - Jan. 24, 2008 /CNW/ - Seaspan (NYSE:SSW) today declared a quarterly cash dividend of \$0.475 per share on its common and subordinated shares for the three months ended December 31, 2007, representing a total cash distribution of \$27.4 million. The cash dividend is payable on February 15, 2008 to all shareholders of record on February 1, 2008.

Gerry Wang, Chief Executive Officer of Seaspan, commented, "Our dividend for the fourth quarter of 2007 represents an increase of 6.4% from the previous regular quarterly dividend of \$0.44625 per share and marks the second increase in our quarterly dividend since our IPO in August of 2005. Since going public, we have declared cumulative dividends of \$4.19 per share during a time in which we have expanded our contracted fleet via accretive acquisitions by more than 243% on a TEU basis to more than 400,000 TEU."

Mr. Wang added, "Currently, Seaspan has locked-in revenues totalling more than \$7.1 billion. We believe our disciplined approach to securing 100% of our vessels on long-term time charters with a portfolio of leading, high credit quality liner operators provides significant protection against challenging market conditions and serves as an important differentiator for our Company. In addition to our considerable time charter coverage, our strong financial position, including potential available debt capacity of approximately \$1 billion, bodes well for Seaspan to take advantage of future growth opportunities that meet our comprehensive and strict acquisition criteria. As we continue to expand our distributable cash through the successful execution of our long term growth plan through a high-return, low-risk business strategy, we remain committed to our goal of providing sizeable and growing dividends to our shareholders in both the short term and long term."
