Effective second quarter 2019, Seaspan expects to revise annual guidance with each second quarter earnings release. Annual guidance will not otherwise be revised unless adjusting for a material event.

Comments from Management

Bing Chen, President and Chief Executive Officer, commented, "I'm proud of our team for delivering another stronger than expected second quarter operating results. Our continued drive for operational excellence allowed us to deliver better than anticipated operating earnings, while investing in and building on our integrated platform to consistently enhance our customer centric approach. In particular, we've continued to sign multi-year contracts with customers, maintaining our industry leading utilization rate of 98.7%. Our team is building a solid track record for executing on the promises we have made to our customers, employees, financing partners and our shareholders."

Ryan Courson, Chief Financial Officer, said, "The closing of our innovative \$1 billion portfolio financing program this quarter marked an important step toward reshaping our capital structure. Beyond an improved cost of debt and maturity profile, this structure provides us with significant financial flexibility to optimize Seaspan's capital structure going forward, while simplifying and consolidating our credit facilities. With the foundation now laid for growth, we intend to continue executing on capital allocation opportunities to drive shareholder value."

Significant Developments During the Quarter Ended June 30, 2019

\$1 Billion Portfolio Financing Program

On May 15, 2019, Seaspan entered into a credit agreement with a syndicate of lenders for a \$1.0 billion secured credit facility (the "Program"), which consists of a \$200.0 million revolving credit facility and an \$800.0 million term loan facility. The Program is secured by a portfolio of vessels (the "Collateral Pool") and bears interest at LIBOR plus 2.25% per annum. The revolving credit facility is available for three years, after which it converts to, and forms part of, the term loan facility, which matures on May 15, 2024. The Program can be increased to an aggregate amount of up to \$2.0 billion through additional commitments from lenders, execution of additional secured loan agreements and/or issuing private placement notes, in each case with a corresponding expansion of the Collateral Pool.

Under the Program, Seaspan may add, substitute and remove vessels from the Collateral Pool during the term, subject to a borrowing base, portfolio concentration limits, absence of defaults and compliance with financial covenants and certain negative covenants.

As of June 30, 2019, Seaspan had drawn \$874.0 million under the Program and used the proceeds to prepay, in full or in part, credit facilities and for general corporate purposes.

For additional information about this financing, please read the Report on Form 6-K furnished to the SEC on May 16, 2019.

Unencumbered Vessels

As of August 7, 2019, Seaspan had 43 unencumbered vessels, four of which are pending completion of collateral release documentation.

Subsequent Events

Debt Repayment

In July 2019, Seaspan prepaid \$231.3 million of the remaining principal balances of three secured term loan facilities. As a result of the prepayments, three vessels were unencumbered, one of which is pending completion of collateral release documentation.

In August 2019, Seaspan prepaid \$17.2 million of the remaining principal balance of one secured term loan facility. As a result of the prepayment, three vessels were unencumbered, pending completion of collateral release documentation.

As of June 30, 2019, \$135.8 million of the debt repayments made subsequent to the end of the period were classified as current liabilities due to the issuance of voluntary irrevocable prepayment notices by Seaplan.

Distribution

The Board of Directors declared a quarterly distribution in the amount of \$0.125 per share for its Class A Common Shares, paid on July 30, 2019 to shareholders of record as at the close of business on July 22, 2019. Regular quarterly dividends on the Preferred Shares Series D, Series E, Series G, Series H and Series I were also declared.

Class A Common Shares Outstanding

As of August 7, 2019, there were 215.7 million Class A Common Shares outstanding.

Ownership Days, Operating Days and Vessel Utilization

Ownership days are the number of days a vessel is owned and available for charter. Operating days are the number of days a vessel is available to the charterer for use.

The primary driver of ownership days are the increases or decreases in the number of vessels owned, while the drivers of operating days are ownership days and the number of days the vessels are off-hire.

Ownership days increased by 191 days and 1,791 days for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The increase for the three months ended June 30, 2019 was due to the 2018 vessel deliveries. The increase for the six months ended June 30, 2019 was primarily due to the period contribution from the addition of 16 vessels acquired through the acquisition of Greater China Intermodal Investments LLC ("GCI"), which contributed 1,152 days, with the remainder due to the 2018 vessel deliveries.

Vessel utilization represents the number of operating days as a percentage of ownership days.

The following table summarizes Seaplan's vessel utilization for the three and six months ended June 30, 2019 and for each quarter for the 24 months ended June 30, 2019:

Vessel Utilization:	2018						Six Months June		
	2017		2018		2019		Q1	Q2	2018
	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3
Ownership Days ⁽¹⁾	8,148	7,905	8,030	9,546	9,844	9,844	9,630	9,737	17,576
Less Off-hire Days:									
Scheduled Dry-Docking	—	—	(104)	—	(8)	(22)	(13)	(54)	(104)
Unscheduled Off-hire ⁽²⁾	(254)	(319)	(149)	(137)	(146)	(240)	(166)	(71)	(286)
Operating Days ⁽¹⁾	7,894	7,586	7,777	9,409	9,690	9,582	9,451	9,612	17,186
Vessel Utilization	96.9 %	96.0 %	96.8 %	98.6 %	98.4 %	97.3 %	98.1 %	98.7 %	97.8 %

(1) Operating and ownership days include leased vessels and exclude vessels under bareboat charter.

(2) Unscheduled off-hire includes days related to vessels being off-charter.

Vessel utilization increased for the three and six months ended June 30, 2019, compared with the same period in 2018. The increase for the six months ended June 30, 2019 was primarily due to a decrease in the number of unscheduled off-hire days and scheduled off-hire days for dry-docking.

During the six months ended June 30, 2019, Seaplan completed dry-docking for one 10000 TEU vessel, one 9600 TEU vessel, two 5100 TEU vessels, one 4250 TEU vessel, and one 2500 TEU vessel.

Revenue

Revenue decreased by 2.2% to \$275.4 million and increased by 10.7% to \$560.7 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The decrease in revenue for the three months ended June 30, 2019 was primarily due to the changes in the daily charter hire rates of

seven rechartered vessels. In the first quarter, these time charters were modified and Seaspan recognized \$227.0 million of income from modification of time charters, which was received on April 1, 2019. These seven charters have been rechartered to other customers, pursuant to new time charters at market rate. The increase in revenue for the six months ended June 30, 2019 was primarily due to the period contribution of additional operating days from the acquisition of vessels from the GCI transaction and 2018 vessel deliveries.

The increase in operating days and the related financial impact thereof for the three and six months ended June 30, 2019, respectively, compared to the same periods in 2018, is attributable to the following:

	Three Months Ended June 30, 2019			Six Months Ended June 30, 2019		
	Ownership Days Impact	Operating Days Impact	\$ Impact (in millions of US dollars)	Ownership Days Impact	Operating Days Impact	\$ Impact (in millions of US dollars)

Total	191	203	\$ (6.3)	1,791	1,877	\$ 54.3

Ship Operating Expense

Ship operating expense decreased by 4.8% to \$55.9 million and increased by 4.9% to \$113.6 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The decrease for the three months ended June 30, 2019 is primarily due to cost saving initiatives. The increase for the six months ended June 30, 2019 was primarily due to an increase in ownership days from the period contribution of the acquisition of vessels from the GCI transaction and 2018 vessel deliveries.

The following table summarizes Seaspan's operating cost per operating day for the three and six months ended June 30, 2019 and for each quarter for the 24 months ended June 30, 2019:

	2017		2018				2019	
	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2
Operating Cost:								
Ownership Days ⁽¹⁾	8,148	7,905	8,030	9,546	9,844	9,844	9,630	9,737
Vessel Operating Costs (in millions of US dollars)	\$ 45.4	\$ 48.1	\$ 49.5	\$ 58.8	\$ 55.4	\$ 55.6	\$ 57.7	\$ 55.9
Operating Cost per Ownership Day	\$ 5,569	\$ 6,086	\$ 6,170	\$ 6,156	\$ 5,624	\$ 5,648	\$ 5,993	\$ 5,743

(1) Ownership days include leased vessels and exclude vessels under bareboat charter.

Ship operating cost per ownership day decreased by 6.7% to \$5,743 and by 4.8% to \$5,867 for the three and six months ended June 30, 2019, respectively, compared to the same periods in 2018.

Depreciation and Amortization Expense

Depreciation and amortization expense increased by 2.1% to \$63.4 million and by 8.5% to \$125.9 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The increase was primarily due to an increase in ownership days from the period contribution of the acquisition of vessels from the GCI transaction and 2018 vessel deliveries.

General and Administrative Expense

General and administrative expense decreased by 24.4% to \$6.9 million and by 4.2% to \$15.7 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The decrease for the three months ended was primarily due to transition payments paid to the former CFO in 2018. For the six months ended June 30, 2019, this decrease was partially offset by higher share-based compensation expenses and higher professional fees.

Operating Lease Expense

Operating lease expense increased by 20.0% to \$38.8 million and by 22.8% to \$78.0 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The increase was primarily due to the amortization of deferred gains related to Seaspan's vessel sale-leaseback transactions, which are no longer recognized through operating leases. Upon adoption of Accounting Standards Update 2016-02 "Leases" on January 1, 2019, the remaining balance of these deferred gains were recognized through opening deficit as a cumulative adjustment.

Interest Expense and Amortization of Deferred Financing Fees

The following table summarizes Seaspan's borrowings:

(in millions of US dollars)	June 30,	
	2019	2018
Long-term debt, excluding deferred financing fees:		
Revolving credit facilities	\$ 634.0	\$ 821.5
Term loan credit facilities	2,022.3	2,457.7
Senior unsecured notes	80.0	417.9
Fairfax Notes	500.0	250.0
Debt discount and fair value adjustment	(160.9)	(75.7)
Long-term obligations under other financing arrangements, excluding deferred financing fees	622.4	672.5

Total borrowings	\$ 3,697.8	\$ 4,543.9
-------------------------	-------------------	-------------------

Interest expense and amortization of deferred financing fees decreased by \$5.0 million to \$50.4 million and increased by \$13.1 million to \$106.5 million for the three and six months ended June 30, 2019, respectively, compared with the same periods in 2018. The decrease for the three months ended June 30, 2019 was primarily due to the early repayments of long-term debt partially offset by the issuance of the Fairfax Notes. The increase for the six months ended June 30, 2019 was primarily due to the issuance of the Fairfax Notes and debt assumed in connection with the acquisition of GCI.

Change in Fair Value of Financial Instruments

The change in fair value of financial instruments resulted in a loss of \$14.5 million and \$15.6 million for the three and six months ended June 30, 2019, respectively. The losses were primarily due to a decrease in the forward LIBOR curve as it relates to interest swaps. Included in the change in fair value is an unrealized loss of \$6.5 million for the three months ended June 30, 2019 and negligible for the six months ended June 30, 2019, compared with an unrealized gain of \$18.3 million and \$48.9 million for the three and six months ended June 30, 2018, respectively. The unrealized losses on the interest rate swaps for three and six months ended June 30, 2019 were partially offset by unrealized gains on the put options related to the Fairfax Notes.

Liquidity and Unencumbered Vessels

As of June 30, 2019, Seaspan had total liquidity of \$868.4 million, consisting of \$592.4 million of cash and cash equivalents and \$276.0 million available under its revolving credit facilities. Additionally, as of August 7, 2019, Seaspan's unencumbered asset pool included 43 vessels, four of which are pending completion of collateral release documentation.

As of August 7, 2019

STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This release contains forward-looking statements (as such term is defined in Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act) concerning Seaspan's operations, cash flows, and financial position, including, without limitation, Seaspan's financial guidance and the likelihood of its success in developing and expanding its business. Statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as "continue," "expects," "anticipates," "intends," "plans," "believes," "estimates," "projects," "forecasts," "will," "may," "potential," "should" and similar expressions are forward-looking statements. These forward-looking statements represent Seaspan's estimates and assumptions only as of the date of this release and are not intended to give any assurance as to future results. As a result, you are cautioned not to rely on any forward-looking statements. Forward-looking statements appear in a number of places in this release. Although these statements are based upon assumptions Seaspan believes to be reasonable based upon available information, they are subject to risks and uncertainties. These risks and uncertainties include, but are not limited to:

- future growth prospects and ability to expand Seaspan's business;
- Seaspan's expectations as to impairments of its vessels, including the timing and amount of currently anticipated impairments;
- the future valuation of Seaspan's vessels and goodwill;
- potential acquisitions, vessel financing arrangements and other investments, and Seaspan's expected risks and benefits from such transactions as well as the likelihood of consummating any such transaction;
- future time charters and vessel deliveries, including future long-term charters for certain existing vessels;
- estimated future capital expenditures needed to preserve the operating capacity of Seaspan's fleet including, its capital base, and comply with regulatory standards, its expectations regarding future dry-docking and operating expenses, including ship operating expense and general and administrative expenses;
- Seaspan's expectations about the availability of vessels to purchase, the time it may take to construct new vessels, the delivery dates of new vessels, the commencement of service of new vessels under long-term time charter contracts and the useful lives of its vessels;
- availability of crew, number of off-hire days and dry-docking requirements;
- general market conditions and shipping market trends, including charter rates, increased technological innovation in competing vessels and other factors affecting supply and demand;
- Seaspan's financial condition and liquidity, including its ability to borrow and repay funds under its credit facilities, to refinance its existing facilities and to obtain additional financing in the future to fund capital expenditures, acquisitions and other general corporate activities;
- Seaspan's continued ability to meet its current liabilities as they become due;
- Seaspan's continued ability to maintain, enter into or renew primarily long-term, fixed-rate time charters with its existing customers or new customers;
- the potential for early termination of long-term contracts and Seaspan's potential inability to enter into, renew or replace long-term contracts;
- the introduction of new accounting rules for leasing and exposure to currency exchange rates and interest rate fluctuations;
- conditions inherent in the operation of ocean-going vessels, including acts of piracy;
- acts of terrorism or government requisition of Seaspan's containerships during periods of war or emergency;
- adequacy of Seaspan's insurance to cover losses that result from the inherent operational risks of the shipping industry;
- lack of diversity in Seaspan's operations and in the type of vessels in its fleet;
- conditions in the public equity market and the price of Seaspan's shares;
- Seaspan's ability to leverage to its advantage its relationships and reputation in the containership industry;
- changes in governmental rules and regulations or actions taken by regulatory authorities, and the effect of governmental regulations on Seaspan's business;
- the financial condition of Seaspan's customers, lenders, and other counterparties and their ability to perform their obligations under their agreements with us;
- Seaspan's continued ability to meet specified restrictive covenants and other conditions in its financing and lease arrangements, its notes and its preferred shares;
- any economic downturn in the global financial markets and export trade and increase in trade protectionism and potential negative effects of any recurrence of such disruptions on Seaspan's customers' ability to charter Seaspan's vessels and pay for Seaspan's services;
- the value of Seaspan's vessels and other factors or events that trigger impairment assessments or results;
- taxation of Seaspan's earnings and of distributions to its shareholders;
- Seaspan's exemption from tax on U.S. source international transportation income and exemption from tax on China-sourced international transportation service income;
- the ability to bring claims in China and Marshall Islands, where the legal systems are not well-developed;
- potential liability from future litigation; and
- other factors detailed from time to time in Seaspan's periodic reports.

Forward-looking statements in this release are estimates and assumptions reflecting the judgment of senior management and involve known and unknown risks and uncertainties. These forward-looking statements are based upon a number of assumptions and estimates that are inherently subject to significant uncertainties and contingencies, many of which are beyond Seaspan's control. Actual results may differ materially from those expressed or implied by such forward-looking statements. Accordingly, these forward-looking statements should be considered in light of various important factors listed above and including, but not limited to, those set forth in "Item 3. Key Information—D. Risk Factors" in Seaspan's Annual Report for the year ended December 31, 2018 on Form 20-F filed on March 26, 2019 and in the "Risk Factors" in Reports on Form 6-K that are filed with the Securities and Exchange Commission from time to time relating to its quarterly financial results.

Seaspan does not intend to revise any forward-looking statements in order to reflect any change in Seaspan's expectations or events or circumstances that may subsequently arise. Seaspan expressly disclaims any obligation to update or revise any of these forward-looking statements, whether because of future events, new information, a change in Seaspan's views or expectations, or otherwise. You should carefully review and consider the various disclosures included in Seaspan's Annual Report and in Seaspan's other filings made with the Securities and Exchange Commission that attempt to advise interested parties of the risks and factors that may affect Seaspan's business, prospects and results of operations.
