

SEASPAN REPORTS RESULTS FOR FIRST QUARTER 2006 AND DECLARES QUARTERLY DIVIDEND

HONG KONG, CHINA - April 17, 2006 /CNW/ - Seaspan Corporation ("Seaspan") (NYSE:SSW) announced today the financial results for the first quarter ended March 31, 2006.

"We are very pleased with our performance this quarter, as we continued to realize a number of our key strategic objectives," said Gerry Wang, Chief Executive Officer of Seaspan. "During the first three months of this year, we took early delivery of two vessels in our initial contracted fleet of 23 vessels, bringing the total number of Seaspan vessels in operation to 15. In addition, we began to execute on our growth strategy by expanding our fleet further through acquisition. The acquisitions we announced this quarter diversify our customer base and the vessel size we can offer to customers, and we anticipate they will add incremental cash flows for distribution to our shareholders once the new ships are delivered and operating. Our contracted fleet has now grown to 29 ships and our customer base includes the two major Chinese liner operators, China Shipping Container Lines and Cosco Container Lines."

Financial Highlights for the Quarter Ended March 31, 2006

- Reported net earnings of \$8.5 million and earnings per share of \$0.24 for the quarter.
- Generated \$15.0 million of cash available for distribution during the quarter ended March 31, 2006.
- Paid a quarterly dividend of \$0.425 per share on March 9, 2006 for Seaspan's first full quarter ended December 31, 2005.
- Declared a quarterly dividend of \$0.425 per share for the quarter ended March 31, 2006.
- Took delivery of two of the company's contracted vessels, bringing the Seaspan chartered fleet to a total of 15 vessels in operation as at March 31, 2006.

Results for the Quarter Ended March 31, 2006

Seaspan reported revenue of \$24.8 million for the quarter ended March 31, 2006, and net earnings for the quarter were \$8.5 million. Total operating expenses were \$12.7 million for the quarter ended March 31, 2006, and were comprised of ship operating costs of \$6.1 million, depreciation of \$5.6 million and general and administrative costs of \$1.0 million. Seaspan reported basic and fully diluted earnings per share of \$0.24 for the quarter.

During the quarter ended March 31, 2006, Seaspan generated \$15.0 million of cash available for distribution, a non-GAAP measure. Please read Reconciliation of Non-GAAP Financial Measures - Description of Non-GAAP Financial Measures - Cash Available for Distribution for a description of cash available for distribution and a reconciliation of net earnings to cash available for distribution.

Seaspan declared a quarterly cash dividend of \$0.425, representing a total cash distribution of \$15.3 million. Seaspan's Board of Directors has adopted a policy to pay a regular quarterly dividend of

\$0.425 per share on Seaspan's common and subordinated shares throughout the period of delivery of Seaspan's initial contracted fleet of 23 vessels. The cash dividend is payable on May 11, 2006 to all shareholders of record on April 28, 2006.

Operational Highlights for Quarter Ended March 31, 2006

- During the quarter, Seaspan took delivery of two additional vessels in its initial contracted fleet of 23 vessels, increasing Seaspan's total operating fleet from 13 to 15 vessels;

- On January 3, 2006, Seaspan took delivery of the 4250 TEU Dubai Express, approximately ten weeks ahead of the contractual delivery date. This ship is the second of nine vessels chartered to CP USA, a subsidiary of CP Ships Ltd.

- On February 21, 2006, Seaspan took delivery of the 4250 TEU Jakarta Express, approximately seven weeks ahead of the contractual delivery date. This ship is the third of nine vessels chartered to CP USA, a subsidiary of CP Ships Ltd.

- During the quarter, Seaspan also expanded its fleet beyond the initial contracted fleet through acquisitions of contracts and new orders, to increase the total fleet from 23 to 29 vessels, with options for another eight vessels;

- On February 14, 2006, Seaspan announced that it has agreed to purchase two 3500 TEU vessels under construction from affiliates of Conti Holding GmbH & Co. KG of Germany. The cost upon delivery is expected to be approximately \$50.0 million per vessel. Seaspan expects to take delivery of the two 3500 TEU vessels in February and July 2007, respectively, from Zhejiang Shipbuilding Co. Ltd. in China. Seaspan also announced that it has simultaneously arranged twelve-year charter agreements for these vessels with a new customer, Cosco Container Lines Co., Ltd., a subsidiary of China Cosco Holdings Co. Ltd. at an initial rate of \$19,000 per day. Seaspan Management Services Limited ("The Manager") will provide technical services for the two 3500 TEU vessels at an initial rate of \$4,200 per day through 2008.

- On February 28, 2006, Seaspan announced that it has signed a contract to build four 2500 TEU vessels from Jiangsu Yangzijiang Shipbuilding in China. The four newbuilding vessels will be delivered between August 2008 and February 2009. The total delivered cost is expected to be approximately \$44.5 million per vessel. Seaspan also announced that it has simultaneously arranged 12 year charter agreements for the four 2500 TEU vessels with China Shipping Container Lines (Asia) Co. Ltd. ("CSCL Asia") at an initial rate of \$16,750 per day, increasing to \$16,900 per day after six years. The Manager will provide technical services for the four 2500 TEU vessels at an initial rate of \$4,000 per day through 2011.

- Seaspan also announced on February 28, 2006 that, in addition to the firm order for the initial four 2500 TEU vessels, it has the option to order an additional eight 2500 TEU vessels, in two tranches of four vessels each, for the same price as the initial four vessels. Seaspan has made no commitment, financial or otherwise, to proceed with the order for the optional vessels and will only exercise their option with respect to the optional vessels if acceptable long-term charters are arranged. Seaspan has until June 30, 2006 to exercise their option on the first four of the option vessels and until September 30, 2006 to exercise the option on the second four. If the additional vessels are built, CSCL Asia would have the option to charter the first group of four optional vessels under the same terms as the first four.

- During the quarter, the CSCL Chiwan and CSCL Hamburg completed their regularly scheduled five-year special surveys and drydockings. During the final inspection at the end of the scheduled

drydocking of the CSCL Hamburg for her special survey, a minor crack was detected on the rudder horn area. Similar but significantly smaller cracks than those found on the CSCL Hamburg were also found on two other 4250 TEU vessels. Permanent repairs costing less than \$75,000 for the minor crack on the CSCL Hamburg were completed by the Manager. Similar repairs will be also required for the two other 4250 TEU vessels. The Manager expects to fully recover these incremental costs from third parties, while the remainder of the special survey costs will be for the account of the Manager. There was no damage found to any other vessels in service.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES
(in thousands of U.S. dollars)

Description of Non-GAAP Financial Measures - Cash Available for Distribution

Cash available for distribution represents net earnings adjusted for depreciation, net interest expense and amortization of deferred financing fees. Cash available for distribution is a non-GAAP quantitative standard used in the publicly-traded investment community to assist in evaluating a company's ability to make quarterly cash dividends. Cash available for distribution is not required by accounting principles generally accepted in the United States and should not be considered as an alternative to net earnings or any other indicator of Seaspans performance required by accounting principles generally accepted in the United States.
