

SEASPAN REPORTS RESULTS FOR PERIOD ENDED SEPTEMBER 30, 2005 AND DECLARES CASH DIVIDEND

HONG KONG, CHINA - Nov. 9, 2005 /CNW/ - Seaspac Corporation ("Seaspac") (NYSE:SSW) announced today its financial results for the three month period, which reflects 50 days of operations from the closing of its initial public offering ("IPO") on August 12, 2005 through September 30, 2005. On August 12, 2005, Seaspac completed its IPO and issued 28,570,000 common shares and 7,145,000 subordinated shares, for gross proceeds of \$600.0 million and \$150.0 million, respectively. On August 12, 2005, Seaspac also issued 100 incentive shares to our Manager in connection with providing us with strategic services. On September 13, 2005, our underwriters exercised their over-allotment option and we issued an additional 276,500 common shares for gross proceeds of \$5.8 million. On the completion of the initial public offering, Seaspac acquired eight 4250 twenty foot equivalent unit ("TEU") vessels and two 8500 TEU vessels from wholly owned subsidiaries of Seaspac Container Lines Limited.

"We are pleased with our performance during this period since our IPO and we are proud to announce our first dividend payment in accordance with our policy announced in the prospectus filed in connection with our IPO. We have begun to ramp up our contracted fleet, adding two vessels during this period, both ahead of schedule," said Gerry Wang, Chief Executive Officer of Seaspac. "Our stated strategy is to offer long term charters to our customers at competitive rates with the aim of delivering strong and stable cash flows for distribution to our shareholders. We are excited about the growth potential of the container sector and our ability to deliver incremental growth to our shareholders through the expansion of our fleet, while also providing stability, even in cyclical markets."

Description of Non-GAAP Financial Measures-Cash Available for Distribution

Cash available for distribution represents net earnings adjusted for depreciation, net interest expense and amortization of deferred financing fees. Cash available for distribution is a non-GAAP quantitative standard used in the publicly-traded investment community to assist in evaluating a company's ability to make quarterly cash dividends. Cash available for distribution is not required by accounting principles generally accepted in the United States and should not be considered as an alternative to net income or any other indicator of Seaspan's performance required by accounting principles generally accepted in the United States.
